INTRODUCTION

The Income Tax Act 1967 had introduced the mandatory requirement by all business entities to implement the e-Invoicing. The implementation of e-Invoicing is intended to support Malaysia's digital economy growth and aims to improve the efficiency of business operation and government tax administration.

Understanding the scope of e-Invoice, the technological transmission mechanism will help taxpayer to implement the e-Invoice process more effectively. This event covers both general operational transactions and specific industries transactions for travel and hospitality industry.
