Bulgaria

With regard to the spread of the new coronavirus COVID-19 (COVID-19) in Italy, particularly in northern Italy, we recommend that Bulgarian citizens residing or travelling in Italy should travel only as a last resort to areas where the infection is established.

We also recommend that our compatriots refrain from attending public events, avoid overcrowded places and respect safety measures such as wearing a protective medical mask, maintaining personal hygiene and direct contact with foreigners.

At the same time, taking into account the current situation with the development of the coronavirus 2019-nCoV epidemic, the Bulgarian Ministry of Foreign Affairs has raised the risk index for a trip to China to the highest level 5: warning to suspend all travel and leave the country immediately.

Denmark

The Department of Foreign Affairs constantly updates travel guides. If you are travelling to a country for which we do not provide a travel guide, you can find information in travel guides published by the foreign ministries of other countries.

For Italy:

- ITALY: We urge the Danes to pay particular attention in Italy following local outbreaks of coronavirus in several northern regions and following efforts by the Italian authorities to prevent the spread of infection.
- You should always follow the instructions of the Italian authorities.
- You should also always follow the advice of the National Board of Health.

Estonia

The risk of being subjected to quarantine or curfew may arise suddenly. On the basis of the risk assessment of the European Centre for Disease Prevention and Control (ECDC) since 26.02, the areas at risk of coronaviruses are mainly the People's Republic of China and Northern Italy (Lombardy, Veneto, Emilia-Romagna and Piedmont), Iran, Japan, Singapore, South Korea.

When planning a trip, we strongly recommend that you consult your travel and insurance provider to find out the conditions for extending the disease and quarantine zones.

We recommend that you follow the instructions of your local authorities and register your trip abroad.

Latvia

The Department of Foreign Affairs advises all travellers to be cautious and to carefully assess the need for a particular trip. It is up to travellers themselves to decide whether or not to visit certain countries.

Department of Foreign Affairs calls for a general warning and be careful.

- the regions of Lombardy, Veneto, Emilia-Romagna, Piedmont in Italy;
- Japan;
- Singapore;
- South Korea;
- Iran;
- China.

The Department of Foreign Affairs advises travellers not to visit these countries and regions. Travel alerts on the Department of Foreign Affairs website are updated with current information.

The Ministry of Foreign Affairs asks the nearest mission of the country concerned to check the entry restrictions imposed by COVID-19 before travelling.

The Ministry of Foreign Affairs strongly recommends that all persons travelling abroad take out a life and health insurance policy, including repatriation in the event of illness or death, and calls for registration in the consular register.

Lithuania

Updated Ministry of Foreign Affairs travel recommendations for Italy: due to the rapid spread of the new coronavirus, it is recommended not to visit temporarily the northern regions of Lombardy, Veneto, Piedmont and Emilia-Romagna.

The Ministry of Foreign Affairs also advises against temporary visits to China, South Korea, the city of Adeje (Adeche), in southern Tenerife (Spain). You are advised to take precautionary measures when travelling to the EU, the Schengen area and the United Kingdom. The same level of recommendation applies to Belarus, northern Macedonia, Singapore and Hong Kong. When planning a trip, we recommend that you take the necessary precautions, follow carefully and follow the guidelines and directives issued by the local authorities.
